

Each native garden planted by Unity Gardens supports habitat and builds community. You can help us do more in 2021 by donating to *Bringing Natives Home*, a fundraiser to strengthen and grow Unity Gardens' grant program. Become a patron when you make a donation during the online fundraiser April 5-11. Then, on April 17, stop by our "Open Garden" event (like an Open House, you can come and go) to visit a Unity Gardens 2020 Grant Project, meet our sponsors, and pick up your patron thank you gifts.

## Patron Levels & Gifts

- \$50** 3 native plant plugs, native seeds, a laminated butterfly guide, and Black-Eyed Susan car sticker.
- \$100** 2-3 native plant quarts, native seeds, a laminated butterfly guide, and a Black-Eyed Susan garden flag.
- \$250** 3-5 native plant quarts, native seeds, a laminated butterfly guide, a Black-Eyed Susan garden flag and metal hanger, and a hardcover gardening book.
- \$500** A laminated butterfly guide, native seeds, a Black-Eyed Susan garden flag and metal hanger and choice of:
  - ◆ 6 plants and 2 two hardcover gardening books *or*
  - ◆ One-hour gardening consultation from "Let's Landscape" *or*
  - ◆ A pair of Felco pruners.

### Walk-thru Thank You Event Saturday, April 17, 2 - 4 PM

St. Philips Episcopal Church  
730 Bestgate Rd., Annapolis

*Can't make it? We'll arrange for a contactless delivery for Patron Levels \$100 and above, or you can skip the gifts altogether and donate your plants to a 2021 Unity Gardens grant project.*

During this year's event, your donation will be matched 1:1 by a special donor! We need to raise \$5,000 to make the most of this match. *Will you help us reach that goal?*

### Are you an EARLY BIRD?

Donate on the first day and be entered to win a coffee gift basket from Chesapeake Bay Roasting Company!

**SUPPORT UNITY GARDENS TODAY!**

**About Unity Gardens:** Unity Gardens envisions a world where common citizens are the first step toward positive environmental change. Each year, Unity Gardens awards grants of up to \$1000 to home-owners associations, faith-based organizations, scouts, schools, and others in Anne Arundel County to use the power of native plants to build habitat, address stormwater issues, and create beauty. These grants bring communities together to volunteer and to solve problems with natives. Learn more about us at [unitygardens.org](http://unitygardens.org)
